

## ANIMAL CLINIC OF BILLINGS OFA INFORMATION

Check the following procedures for certification at this time:

- Hips
- Elbows
- Hips and Elbows
- Patella
- Thyroid
- Preliminary Hips <24 mo. Old

Required Information -- Please have ready at check-in

- ⇒ Copy of Registration (AKC) Papers
- ⇒ Microchip, Tattoo, or DNA Information
- ⇒ Previous OFA Application Number, if any

Procedure:

Sedation/anesthesia is required for the best quality films. You have the option of having only one x-ray taken today, to be sent to OFA which cannot be returned or duplicated once mailed; or two x-rays to be taken, one sent and one kept on file at the Animal Clinic. We can microchip your pet at the time of the procedure, if not already done. You may want to take advantage of the sedation/anesthesia to have other procedures performed.

- ☞ Remember:           Check-in time 7:30 to 8:30 am  
                              Call for release after 4:00 pm 252-9499  
                              Offer NO food or water after 8:00 pm the day prior to the procedure.
